This "up to £100" voucher can be used against your insurance excess providing the repair is carried out at Baldocks Autobody Repair Centre. Only one voucher can be used on any insurance claim. This voucher only applies to insurance claims and not to retail repairs. This voucher must be presented to our Bodyshop at the time of body repair. For an insurance claim up to £750 before VAT, we pay an excess amount equal to 10% of the invoice value before VAT. Over that amount, we will pay a maximum of £100 of your excess payment. If there is no excess on your policy we will exchange this voucher for a service or repair voucher that can be used at Baldocks of Wivelsfield, Sussex (All Makes).
